MILITARY COMMISSIONS .- General Schofield has never, since the passage of the Reconstruction Act by Congress, tried any one by a military commission. So says the Richmond Whig.

REGISTRATION .- Those of the Third Precinct, Ward No. 4, who desire to register are notified by the managers, in an advertisement, that they have but two days more to do it in.

SHIPPERS PER STEAMSHIP CHAMPION, for New York, are requested to send their Bills of Lading for signature at the office of Countenay & Tren-HOLM, Agents, No. 44 East Bay, This Day, at 12

RECONSTRUCTION .- The Darlington Southerner, in a review of Gen. Wade Hampton's recent letter on the situation, takes issue with him, and in support of his views, quotes from the able letter written about two months ago by Hon. WM. HENRY TRESCOT, in which he gave his reasons for accepting and supporting the Reconstruction Acts of Congress.

THE SUMTER NEWS .- We had a visit yesterday from Mr. N. G. OSTEEN, of the Sumter News, who is in this city at present on business connected with his paper. The Sumter News is published by Messrs. DARR & OSTKEN, and is one of the best of our country exchanges. During his stay in the city, Mr. O. has his headquarters at the Mills

MADAME VICTOR PETIT'S FRENCH AND ENGLISH BOARDING AND DAY SCHOOL FOR YOUNG LADIES .-By reference to our advertising columns, it will be seen that this, one of the best schools we have ever had in Charleston, will be reopened on Tuesday next. We hope Madame PETIT will meet with that success which those who deserve it generally attain, even in this bad world of ours.

THE New York Tribune is grievously afflicted because General HALLECK's orders dates from the headquarters of the Military District of "Alaska," and not "Walrussia," as had been suggested by the philosopher of the Tribune. This may be cond a sort of official baptism, says the Tribune, and so, it is to be presumed, the new territory will be called. There is a trifling difficulty in the way of abbreviation, however, as the first and last letters are identical with those of Alabama. Yet that may be avoided by writing "Alas," or, 'Alak," either of which would fitly signify Uncle Sam's feelings when this heap of rocks and icelergs was thrust

LATE PERIODICALS .- Our enterprising townsman, Mr. B. DOSCHER, of the Postoffice Literary Depot, baffle the veins of epidemic and changes of temperature has laid us under obligation by presenting us with copies of the Atlantic Monthly, for October, the New York Ledger, for October 5, and the Southern Opinion (Mr. Pollard's paper, published in Richmond), for September 21. The Ledger continues Mr. BEECHEB's novel and GREELEY's autobiography. The Affantic contains Chapter X, of OLIVER WEN-DELL HOLMES' "Guardian Angel," papers on "Themistocles," "Ben Johnson," "Uncharitableness," an article by the inevitable Parton on "International Copyright," and a variety of other matter, both in prose and poetry.

TRINITY CHURCH. - Rev. E. J. MEYNARDIE, pastor

of Trinity Methodist Church, Hasel street, will leave for the North this day, on business connected with his Church. Rev. Dr. WINKLER has kindly consented to fill the pulpit of Trinity Church during the absence of Mr. MEYNARDIE, and the two congregations (Mr. M.'s and Dr. WINKLEB'S), will unite in worshipping at Trinity. We hope Mr. MEYNARDIE will have a pleasant

trip, meet with success in his mission, and return invigorated in body and in mind, prepared for an active winter's campaign. We know no one who has labored the long weary summer through more ardently and less sparing of self than Mr. M., and, with his congregation, believe that he is well entitled to a few weeks' rest from his diurnal and hebdomadal labors.

THE JEWISH SYNAGOGUE. - The Wilmington, (N. C.) Journal says : "We understand that the Jewish Synagogue in this city will probably be consecrated on Sunday afternan next. As the space is small it is impossible that the public should be invited to attend. A limited number of invitations will, however, be issued.

As it will, no doubt, be of great interest to the Israelites residing in the different cities and towns of this State, we are requested to announce that there will be services in the Syn ogue here during the ensuing holidays, .. hich, we are informed, will commence Sunday evening next, that being the beginning of the Jewish New Year.

The Israelites throughout the State are extended an invitation to attend. Many, no doubt, will avail themselves of this privilege, Rev. E. M. Myers will officiate during the service.

STUDIA LEGIS.—At a meeting of the law students of Charleston, held on last Thursday evening, the is to encourage research into legal knowledgetheoretical as well as practical.

Forensic Club was organized, the object of which The following officers were elected: President,

THOS. M. HANCKEL, Esq.; Vice-President, A. T. SMYTHE, Esq.; Secretary and Treasurer, G. RIVERS WALKER, Esq.

The want of a law debating society has long been felt by that portion of our young men who design pursning the legal profession, and we take pleasure in announcing the completion of this organization. We learn that many of the law students and members of the Bar have already joined and many more design doing so. . The object is worthy of the serious attention or all who are engaged in the cultivation of the legal science, and we recommend all those who desire to promote the culture of the law, to attend the next meeting, which will be held at the office of the British Consulate, in East Bay street, on next Thursday evening, at 8

It will be remembered by many of the old members of the Bar that a society of the like character was formed many years ago, on the roll of which we have the names of Hon. W. D. PORTER, Hon. A. G. MAGRATH, and many other of the brighter lights of the Charleston Bar. We hope that the members of this society will be as successful in their profession as those who organized the first Forensic Chab of Charleston.

CHOICE AND CHEAP HAMS. - In passing McKay & CAMPBELL's auction store, on Meeting street, yes terday, we saw a large crowd collected, as is usually the case on sale day, and a larger crowd of hams exposed for sale to the highest bidder, in 'lots to suit purchasers." Though not a dealer in the article, but a dealer out to a number of little and big mouths, who had been subjects of the term "refugee" during the war, and have since had a proclivity for hams—boiled or baked, hot or cold, with or without eggs—in fact, hog meat of any

We felt our purse, and felt bad, as its con-JOB WORK .- We have now completed our office tents would not permit so large a purchase when the cry was fifteen, fifteen and a half, sixteen, going, going, gone. But mentioning our regret to a good friend who had purchased, of our nability to take a lot, he proposed we should have one at cost price. Home it was sent-consigned to the pot, and received at dinner in good condition; it was found to be of superior quality and fine flavor. We concluded to call at the store and buy a small lot if possible; when to our satisfaction we were informed that Messrs. McKay & Campbell have about one hundred, which they will sell during this day, one or more, to families at from 15 to 16 cents per pound. This being Saturday, and provision must be made for fo-morrow, we would advise all who want a cheap and good din ner to call early and purchase one or more of these fine hams at the low prices offered.

A Card. What is TARRANT'S EFFERVESCENT SELTZER APERIENT, and what are its effects? These are ques tions which the great American public has a right to ask, and it also has a right to expect a candid and satis factory reply. The preparation is a mild and gentle saline cathartic, alterative and tonic, and is most carefully prepared in the form of a snow white powder, containing all the wonderful medical properties of the far

famed Seltzer Springs of Germany. Of its effects we would say that those who have tested the preparation are the best judges, and they declare over their own signatures that the preparation wi promptly relieve indigestion. Regulate the flow of the bile. Cure every species of headsche. Tranquilize the nervous system. Refresh and invigorate the weak. Miti gate the pangs of Rheumatism. Neutralize acid in the Stomach. There is an active and permanent vitality in this remedy, which will prove of great benefit to the brokendown and shattered constitution. It is the only tonic of which the stimulating principle is perfectly pure. Its basis is the essential principle of sound rye, which is admitted by analytical chemists to be the most harmless of stimulants, and this fluid is refined from crudities which belong to it as it comes from the manufacturer The other ingredients are composed of medical plants and herbs, and contain not one harmful element in all their composition.

HOPE FOR THE DESPONDING INVALID.

DEFER NOT THE USE OF RODRIGUE'S PULMONIC ELIXIR SPECIFIC

MANY WHOSE DECLINING HEALTH, WHICH Was precarious, and their recovery despaired of to now with grateful emanations to the All-Wise Dis-oser, offer heartfelt thanks for this timely remedy. Dur-ng the short time since its public introduction into use, ing the short time since its public introduction into use, the Originator has most happily realized her most sanguine expectations in manifestations issuing from all quarters of its unpurshelled curative properties, for in no case where it has been administered with regard to directions, and per exerct in, has a failed in its beneficial content. results.

In resorting to this remedy, the invalid can depend upon the safety of every article in its preparation, and while it accelerates the healthful reactions of each organ and vessel, the mind can be perfectly free from apprehension of any subtle ingredient being insimulated into its

composition.

The apposite, which improves under its administration, is at liberty to indulge prudently in whatever nutriment is palatable, digestive and wholesome, and while it is no more than proper to avoid exposure to fresh cold, no fear need be entertained of any liability under this course of treatment to induce it. It is a pleasant AROMATIC CORDIAL, quite agreeable to the taste, and as a lung revivityer and balsam of health, it is distinguishing itself as without precedent, and we trust will, ere long, claim for itself general acclamation for its unrivalled efficacy.

LITTLE GIANT HORSE POWER. THE LITTLE GIANT, THE BEST, MOST COMPLETE AND CHEAPEST

In introducing this new Power into the market, we would state that the following are some of the advantages possessed by the "LITTLE GIANT" over all other Horse powers:

1. Its great strength on account of being double-geared, which not only doubles the strength by dividing the strain on twice the number of testh, but by gearing on both sides of the wheels it equalizes the wear on the shafts, and materially lessens the friction, enabling the horses to do much more work than with any other power.

Power.

2. Its compactness and extreme portability, it weighing about one-half as much as other Horse Powers, and occupying but one-third the space, it can be packed in small boxes, thus saving much expense. It is so simple that the most ignorant person would have no difficulty in authority througher. pairing it together.

3. The facility with which it can be adjusted to any sind of machin-ry at any angle, either on the ground or over head, without allowing it from its foundation, will be appreciated by farmers and planters as specially adapted for driving Cotton Gius.
